## ***From the Co-President***

Dear Members,

I hope you had a relaxing and fun summer with family and friends. It seems like just yesterday that I was saying “see you in September.” September has always been my start of a new year and from childhood, I enjoyed starting fresh with new things – clothes, notebooks, pencils, calendar and a bright outlook. I have the same positive feeling as we start our new program year.

During the summer, Jean Speiser and Peggy Staarman, our Co-Vice Presidents for Program, have been busy coordinating our exciting line up of programs. Be sure to check the program schedule in our new Handbook which you will receive at the Welcome Back Potluck Supper on Sept. 11<sup>th</sup>. The handbook has a new look but it is still the place to find all the important information about our branch including the members’ directory. Thanks to Sandy Alexander for her hard work in putting the handbook together. Also, in the summer, the board and other committee members met at our annual summer retreat to review the past year and set new goals in many areas for the 2013-2014 program year. Look for a report in the October newsletter.

I have been very fortunate in sharing my role as co-president with such capable women – Fran Pierce and Dorothea Lavigne. Last year I enjoyed sharing responsibilities with Fran and learned a great deal. I look forward to continuing in my role as co-president with Dorothea Lavigne. Dorothea brings a lot of experience to the position and a strong commitment to our mission. She has a wonderful sense of humor and it’s been fun getting to know her as we have met this summer to discuss AAUW business.

New to the board this year are Carol Habig and Laura LaBuda. As Co-Vice Presidents for Membership, Carol and Jane Schultz will work together to continue to develop branch membership. Laura LaBuda will take on the responsibility of Corresponding Secretary.

I hope you will join me in thanking Carol and Laura for taking on these two very important positions.

As the new program year begins, think about the ways that you can make the most of your membership in AAUW—attend program meetings and bring a friend, check out a board meeting, join a committee or Special Interest Group, help with fundraising, volunteer at GETT and PETT events, be a two minute activist, and stay informed -- by reading AAUWSome and the Handbook and logging on to our website: [wccc-pa.aauw.net](http://wccc-pa.aauw.net) with links to AAUW and AAUW PA.

Please always feel free to contact your co-presidents and board members with questions and suggestions. I’m looking forward to seeing you at many branch events.

Sincerely,  
Sandi Kwisz

## ***Donation to the Alice Lawson Fund***

Participating AAUW members are Betty Bradford, Carol Habig, Cynthia Fischer, Jane Schultz, Martina Ossman, Mary Pinkney, Mary Smith, and Kay Philipps. This group meets once a month during the day. ## Flower Power Fundraiser

Our spring Flower Power fundraiser raised \$682 to support branch activities. Thank you for making it such a success!

Because it was so successful as well as an easy and fun way to raise funds for our branch, we are starting off the year with a quick fall FlowerPower fundraiser. If you love seeing colorful blooms after a drab winter, this sale is for you. The fall catalog features bulbs and roots that you can plant in fall for flowers that bloom in the spring – daffodils, tulips, alliums, hyacinths, Mariposa Lilies and many more. You are sure to find something for your garden or a gift for a friend. Our branch receives 50% on every sale.

There are two easy ways to order. For online sales, go to our branch website [wccc-pa.aauw.net](http://wccc-pa.aauw.net) and click on the FlowerPower logo at the top of the page. It will take you directly to our account. Then follow the step-by-step directions to place your order.

If you prefer making purchases by mail order, fall catalogs and order forms will be available at the September Program Meeting. Just complete your order on the provided form; include payment (cash or checks made to AAUW-WCCC); and return both to the October Program Meeting.

Don't forget to invite friends and families to make a purchase too. With your help we can reach our goal of \$400 and get our fundraising efforts off to a good start.

## Gateway to Equity Award Winner

This year's recipient of AAUW's Gateway to Equity Award is the Chester County Fund for Women and Girls. The award is given to an individual or organization in our community that has advanced equity for women and girls through advocacy, education, philanthropy, or research. Chester County Fund for Women and Girls is a great fit with AAUW's mission and a wonderful choice for the Award. The Fund is dedicated to improving the lives of women and girls and all members of the Chester County community through grantmaking, education, and community collaboration.

Since its beginning in 1996, the Chester County Fund for Women and Girls has awarded over \$1.9 million in grants to more than 58 agencies throughout Chester County "to strengthen the physical well-being, safety and economic freedom of women and families in diverse communities across our county." In both 2005 and 2010, the Fund commissioned the *Blueprint Report* to collect data focusing on the economic, social and health status of women and girls in Chester County. Three key areas of concentration for its grantmaking initiatives are: Girls' Positive Development, Women and Girls' Economic Security and Women and Girls' Health and Safety. You can read more about the report and the Fund at [www.ccwomenandgirls.org](http://www.ccwomenandgirls.org).

We look forward to our association with the Chester County Fund for Women and Girls in the coming year.

## AAUW Awards Grant to Our Branch

Thanks to the creativity and excellent grant-writing skills of our members Graham Boose, Valerie Connors, and Mary Smith, our branch was recently awarded a \$7,000.00 Community Action Grant by AAUW. The grant will fund a new initiative, Parents-Educators Exploring Tomorrow's Technology (PETT), in response to the needs expressed by parents who attended Girls Exploring Tomorrow's Technology (GETT), a one-day STEM event for girls that has been held every March in Chester County for the past 13 years. PETT will provide parents and educators with information, resources, contacts, and strategies to nurture K-12 girls who are interested in the STEM fields. PETT will bridge the gap between girls' desire to pursue STEM studies and the support needed from parents and educators to realize this goal.

*Co-Directors of PETT*

A newly created website, [www.aauwgirlsstemcenter.org](http://www.aauwgirlsstemcenter.org), provides valuable information and suggestions for parents and educators as well as links to STEM resources that are available on a local, regional and national level. The program directors also have formed a PETT Planning Committee comprised of branch members and community women passionate about empowering girls in STEM. We congratulate Mary and Valerie, the PETT program co-directors pictured above, for recognizing the need for this program, which has received funding and recognition from AAUW national. To learn more about PETT, please visit the website or contact Valerie or Mary.

## ***Students Offer Opinions on Education***

*Ann Duerr, AAUW Legislation and Public Policy Committee*

On March 21<sup>st</sup>, 2013 a PA Senate Education Committee public hearing, organized by Senator Folmer (R), Majority Chairman, and Senator Dinniman (D), Minority Chairman, was held at the STEM Academy in Downingtown. This is the first time the committee has designated a hearing specifically for students' and parents' input on their schools, on their curriculum, and on the overall direction of education in Pennsylvania.

The hearing included testimony from 10 high school students from the public and nonpublic schools in Coatesville and Downingtown areas including Downingtown High Schools East and West, Downingtown STEM Academy,

Coatesville Area Senior High, Center for Arts and Technology Brandywine, and Bishop Shanahan and Collegium Charter School. Students were selected to represent a variety of backgrounds, grades, genders, GPA's, and ethnicities.

The group agreed that standardized testing is necessary; however, the majority of students thought too much time was focused on teaching to the test. Providing different levels of testing for special needs students, the advanced student, and ESL students would be more appropriate. Being tested right after completing a course such as biology instead of waiting two years would be helpful.

Most students thought that the teacher evaluation proposal based on 50% test scores and on 50% observation should be weighted heavier on observation than on test scores and that even student input should be considered. Some students are poor test takers but do well in the classroom.

Students rate teachers highly who are passionate about their respective subjects, present new ways of thinking, allow students to discover their own best system of learning styles, are open to input, and are actively engaged in their students' lives.

Suggestions for improving their education included more civic activities; projects involving collaboration; longer class periods for advanced courses; getting help for younger, non- motivated students (harder to change when older); balancing classwork involving technology; updated textbooks; and focusing more on handwritten assignments instead of papers typed using software programs where spelling and grammar corrections are done for you.

Answers to Sen. Folmer's inquiry of what is the definition of success included doing what makes you happy; feeling good about yourself, giving back; being the best you can be; being self confident; being dedicated to your goals; being able to motivate yourself and others;

following your dreams; and being happy with who you are where you are.

Both Senators thought the hearing was insightful and refreshing since the loudest voices they heard on the committee were from interest and lobbying groups. Senator Dinniman summed up the hearing by stating: "We are trying to create a student and parent voice across the commonwealth and in the end we believe that not only will it improve education but it will improve public support". Hearings also were conducted in three other areas of PA.

## Branch Annual Meeting and May 2013 Banquet

Members and guests attended the 2013 AAUW West Chester Annual May Banquet to celebrate our successful 2012-2013 program year, install new officers and announce award winners. Special thanks to branch member, Phyllis Dunn, who made the arrangements at the West Chester Country Club. It was a special evening to look back over the year and recognize our accomplishments.

As part of the business meeting, officers were elected and installed. Molly Scott, chair of the nominating committee thanked Kay Philipps, Sue Ciorletti, Roni Mullen and Elaine Burgess for serving on the committee and announced the nominees. The new elected officers are: *Carol Habig*, Co-Vice President for Membership; *Peggy Staarman*, Co-Vice President for Program, *Laura LaBuda*, Corresponding Secretary; and *Dorothea Lavigne* and *Sandi Kwisz*, Co-Presidents. The new officers were installed by Cathy Palmquist, a previous branch president. Cathy added a special touch by presenting flower seeds to new officers as each pledged to work toward the growth and development of our branch.

The banquet was a night of awards recognizing many for their outstanding achievements. Sue Johnston and Mimi Jones, chairs of the Alice Lawson Scholarship Fund, announced our annual recipient, Kristen Merk. Kristen, a student at Immaculata University in Healthcare

Management, was present at the banquet to accept the scholarship, which is given each year to a nontraditional student.

Co-President Fran Pierce introduced the nominees and announced the winners for each of the branch awards. The **TEAL Award** is given in recognition for a recent term contribution by an unsung branch member, or to a recent or new branch member who exemplifies the spirit of AAUW. Our nominees were: Sandy Alexander, Valerie Connors, Ann Duerr and Tamara Hollins with the award going to *Sandy Alexander*. *Mary Smith* received the **Branch Outstanding Woman Award**, which is given to a member who is chosen for meritorious service to our branch and to the community over multiple years. Other members nominated for this award were: Donna Eaves, Norma George and Nancy Rumfield. Nominees for the **Peg Anderson Award** were Donna Eaves, Norma George, Mary Smith and Yvonne Peiffer. The Peg Anderson Award honors a longstanding member who has served in many different capacities over the years and continues to inspire and support current members. *Donna Eaves* is this year's recipient of the prestigious Peg Anderson Award. Congratulations to all the outstanding nominees and award winners!

Our branch selected the Chester County Fund for Women and Girls as this year's **Gateway to Equity Award** recipient. The award is given to an organization in our community that has advanced equity for women and girls through advocacy, education, philanthropy, or research. Heidi McPherson, President of the Chester County Fund for Women and Girls, and Lisa Hancock, Director of Development, attended the banquet. Upon accepting the award, Heidi McPherson thanked our branch and remarked that "... we share a common commitment to equity for women."

The program also included special recognition along with our heartfelt gratitude to Fran Pierce for her dedicated leadership of our branch. It was a great night to enjoy each other's company, acknowledge our accomplishments, recognize our members and reflect on future goals to continue the success of our branch.
